Master File Case No. 3:23-CV-03223-AMO

~~PROPOSED~~ TRAINING DATA
 INSPECTION PROTOCOL

Judge: Hon. Araceli Martínez-Olguín

Date Filed: June 28, 2023

1 Upon the stipulation of the parties, the following protocol will apply to the inspection,
2 review, and/or disclosure of Training Data produced by Defendants OpenAI, Inc., OpenAI, L.P.,
3 OpenAI OpCo, L.L.C., OpenAI GP, L.L.C., OpenAI Startup Fund GP I, L.L.C., OpenAI Startup
4 Fund I, L.P., and OpenAI Startup Fund Management, LLC (collectively, “OpenAI”):¹

5 1. For the purposes of this protocol, “Training Data” shall be defined as data used to
6 train relevant OpenAI LLMs. OpenAI reserves the right to update the Training Data made
7 available for inspection should it find additional responsive data.

8 2. The “Inspecting Party” shall be defined as all Plaintiffs collectively in the above
9 captioned consolidated action, including their attorneys of record, agents, retained consultants,
10 experts, and any other persons or organization over which they have direct control.

11 3. Training Data shall be made available for inspection in electronic format at
12 OpenAI’s offices in San Francisco CA, or at a secure location determined by OpenAI within 25
13 miles of San Francisco, CA; or at another mutually agreed location. Training Data will be made
14 available for inspection between the hours of 8:30 a.m. and 5:00 p.m. on business days, although
15 the parties will be reasonable in accommodating reasonable requests to conduct inspections at
16 other times.

17 4. The Inspecting Party shall provide five days’ notice prior to any inspection.

18 5. Training Data shall be designated “HIGHLY CONFIDENTIAL – ATTORNEYS’
19 EYES ONLY” pursuant to the Stipulated Protective Order entered in this case on February 15,
20 2024, and the Inspecting Party may disclose Training Data only to those authorized to view
21 “HIGHLY CONFIDENTIAL – ATTORNEYS” EYES ONLY” information under paragraph 7.3
22 of the Stipulated Protective Order, without prejudice to any party’s right to challenge this
23 confidentiality designation (or oppose a challenge to the confidentiality designation) at a later
24 date. Any challenge to the confidentiality designation of the Training Data or portions thereof
25 under this Training Data Inspection Protocol shall be written, shall be served on outside counsel
26 for OpenAI, shall particularly identify the documents or information that the Inspecting Party

27 _____
28 ¹ By entering into this stipulation, Plaintiffs do not intend to waive any rights they may (or may not) have to seek discovery of Training Data by means other than by inspection.

1 contends should be differently designated, and shall state the grounds for the objection. The
2 parties shall meet and confer in a good faith effort to resolve the dispute. Notwithstanding any
3 challenge to a designation, the Training Data in question shall continue to be treated as
4 “HIGHLY CONFIDENTIAL – ATTORNEYS’ EYES ONLY” until one of the following occurs:
5 (1) OpenAI withdraws such designation in writing; or (2) the Court rules that the Training Data in
6 question is not entitled to the designation.

7 6. Nothing in this Training Data Inspection Protocol shall alter or change in any way
8 the requirements of the Stipulated Protective Order. In the event of any conflict, however, this
9 Training Data Inspection Protocol shall control for any Training Data made available for
10 inspection.

11 7. Training Data shall be made available for inspection and review subject to the
12 following provisions:

13 a. Training Data shall be made available by OpenAI in a secure room on a
14 secured computer without Internet access or network access to other unauthorized computers or
15 devices. The secured computer will contain a README file that will provide a directory of the
16 Training Data and brief descriptions of layout, format, and searching.

17 b. The secured computer will be equipped with tools that are sufficient for
18 viewing and searching the Training Data made available for inspection. Any data made available
19 for inspection will be in its native format as it is used during the normal course of business.
20 Defendants will reasonably cooperate with Plaintiffs to address any technical concerns Plaintiffs
21 may have regarding the hardware and software that is provided to conduct the Training Data
22 review. Plaintiffs reserve all rights to seek any additional relief from the Court, including to
23 enable a more efficient and/or effective review of the Training Data.

24 c. The Producing Party shall provide the Inspecting Party with information
25 explaining how to start, log on to, and operate the secured computer in order to access the
26 Training Data on the secured computer. The Producing Party’s outside counsel will be available
27 electronically to make reasonable efforts to attempt to resolve issues that may arise during the
28 course of inspection.

1 d. The Inspecting Party's counsel and/or experts may request that software
2 tools and/or files be installed on the secured computer, provided, however, that (a) the Inspecting
3 Party possesses an appropriate license to such software tools and/or files; (b) OpenAI approves
4 such software tools and/or files, such approval not to be unreasonably withheld; and (c) such
5 other software tools and/or files are reasonably necessary for the Inspecting Party to perform its
6 review of the Training Data consistent with all of the protections herein. The Inspecting Party
7 must provide OpenAI with the licensed software tool(s) and/or files, at the Inspecting Party's
8 expense, at least seven days in advance of the date upon which the Inspecting Party wishes to
9 have the additional software tools and/or files available for use on the secured computer. The
10 Producing Party will install and confirm installation of said software on the secured computer
11 prior to the inspection.

12 e. No recordable media or recordable devices, including without limitation
13 computers, cellular telephones, cameras, other recording devices, or drives of any kind, shall be
14 permitted into the secure inspection room, except the Producing Party may provide a limited-use
15 note-taking computer at Inspecting Party's request, solely for note-taking purposes. At the end of
16 each day of inspection, the Inspecting Party shall be able to copy notes from the note-taking
17 computer onto a recordable device, under the supervision of the Producing Party. For the
18 avoidance of doubt, medical devices (*e.g.*, heart monitors, insulin pumps), stopwatches, and
19 timers are permitted so long as such devices are not capable of recording or copying data from the
20 secured computer.

21 f. The Inspecting Party's counsel and/or experts may take handwritten notes
22 or electronic notes on the provided note-taking computer in scratch files, but may not copy any
23 Training Data itself into any notes. For the avoidance of doubt, this provision shall not prevent
24 the Inspecting Party's counsel and/or experts from recording in their notes particular items, files,
25 or categories of items or files contained in the Training Data. The Inspecting Party will not waive
26 any applicable work-product protection over their electronic notes by saving them to the note-
27 taking computer temporarily. Such notes may not be in encoded or encrypted form. Any notes
28 related to the Training Data will be treated as "HIGHLY CONFIDENTIAL – ATTORNEYS'

1 EYES ONLY.”

2 g. The Producing Party may visually monitor the activities of the Inspecting
3 Party’s representatives during any inspection, but only to ensure that there is no unauthorized
4 recording, copying, or transmission of the Training Data (and not to deliberately attempt to read
5 notes or other written material created by the Inspecting Party). Any monitoring must be
6 conducted from outside the room where the inspection is taking place. Observation must be
7 through glass, such as a glass door, windows, or glass walls, allowing reviewers to converse
8 without being audibly monitored.

9 h. No copies of all or any portion of the Training Data, or other written or
10 electronic record of the Training Data, may leave the secured room in which the Training Data is
11 inspected except as provided herein. The Inspecting Party may obtain print outs of limited
12 portions of the Training Data or electronic notes taken on the note-taking computer to prepare
13 court filings or pleadings or other papers (including a testifying expert’s expert report) by
14 following the procedures provided herein. For purposes of this protocol, references to “print,”
15 “printing,” or “print outs” are understood to refer to a Bates-stamped electronic production (as
16 described in this Paragraph). To make a request, the Inspecting Party shall create a directory
17 entitled “Print Request” and save the desired limited portions of the Training Data or notes in that
18 directory. The beginning of each portion of Training Data the Inspecting Party wishes to print
19 must include the filename, file path, and line numbers where the material was found in the
20 training data or other information that allows for specific identification of the material. The
21 Inspecting Party shall alert OpenAI when it has saved the desired limited portions of the Training
22 Data or notes in the “Print Request” directory that it requests to be printed. Upon receiving a
23 request, OpenAI shall Bates number, and label ‘HIGHLY CONFIDENTIAL – ATTORNEYS’
24 EYES ONLY” all requested pages. Within 7 business days from the date of request, OpenAI
25 shall either (i) produce electronic versions to the Inspecting Party’s counsel, or (ii) inform the
26 Inspecting Party that OpenAI objects that the requested portions are excessive, not for a permitted
27 purpose, and/or not justified (*see, e.g.* Fed. R. Civ. P. 26(b)). In the event that OpenAI objects,
28 the parties shall meet and confer within five business days of OpenAI’s notice of its objection. If,

1 after meeting and conferring, OpenAI and the Inspecting Party cannot resolve the objection, the
2 Inspecting Party shall be entitled to seek a Court resolution of whether the requested Training
3 Data should be produced.

4 i. All persons who will review OpenAI's Training Data on behalf of an
5 Inspecting Party, including the Inspecting Party's counsel, must qualify under paragraph 7.3 of
6 the Stipulated Protective Order as an individual to whom "HIGHLY CONFIDENTIAL –
7 ATTORNEYS' EYES ONLY" information may be disclosed, and must sign the Non-Disclosure
8 Agreement attached as Exhibit A to the Stipulated Protective Order. All persons who review
9 OpenAI's Training Data in the secured inspection room or on the secured computer on behalf of
10 an Inspecting Party shall also be identified in writing to OpenAI at least seven days in advance of
11 the first time that such person reviews such Training Data. All authorized persons viewing
12 Training Data in the secured inspection room or on the secured computer shall, on each day they
13 view Training Data, sign a log that will include the names of persons who enter the locked room
14 to view the Training Data and when they enter and depart. Proper identification of all authorized
15 persons shall be provided prior to any access to the secure inspection room or the secured
16 computer containing Training Data. Proper identification requires showing, at a minimum, a
17 photo identification card sanctioned by the government of any State of the United States, by the
18 government of the United States, or by the nation state of the authorized person's current
19 citizenship. Access to the secure inspection room or the secured computer may be denied, at the
20 discretion of OpenAI, to any individual who fails to provide proper identification.

21 j. Unless otherwise agreed in advance by the parties in writing, following
22 each day on which inspection is done under this protocol, the Inspecting Party's counsel and/or
23 experts shall remove all notes, documents, and all other materials from the secure inspection
24 room. OpenAI shall not be responsible for any items left in the room following each inspection
25 session, and the Inspecting Party shall have no expectation of confidentiality for any items left in
26 the room following each inspection session without a prior agreement to that effect.

27 k. Other than as provided above, the Inspecting Party will not copy, remove,
28 or otherwise transfer any Training Data from the secured computer including, without limitation,

1 copying, removing, or transferring the Training Data onto any recordable media or recordable
2 device. The Inspecting Party will not transmit any Training Data in any way from OpenAI's
3 facilities.

4 I. Notwithstanding any provisions of this Training Data Protocol or the
5 Protective Order entered on February 15, 2024, the Parties reserve the right to amend this
6 protocol either by written agreement or Order of the Court upon showing of good cause.

7
8 **IT IS SO STIPULATED**, through Counsel of Record.
